

DevOps & Leadership at Nitric Concepts

Category: Team Leadership & DevOps | Date: 2018-2021

Coming Soon

This case study is currently under development. Check back soon for the full story about my experience leading a global team at Nitric Concepts in building secure, scalable gaming solutions.

What to Expect

- The challenges and successes of managing 45 contractors worldwide
- Implementation of Docker, Fail2Ban, and Salt Stack as part of a comprehensive toolchain
- How we fostered a collaborative, innovative team culture across multiple time zones
- The transformation of Nitric Concepts into a thriving multinational entity
